

A wooden pepper mill with a brass-colored top and bottom stands on a wooden cutting board. To its right is a loaf of rustic bread with a thick, white, floury crust. In the foreground, several segments of orange are scattered on the board. The background is a light-colored, textured wall.

Cannella

Una macina nata esclusivamente per le stecche di cannella. Oltre a conservarle e preservarne l'aroma, frantuma e macina contemporaneamente le stecche di cannella ... e lo fa a regola d'arte! Dal design ultrafunziona, è pratica, facile e veloce da usare. D'ora in avanti macinare le stecche di cannella, così fragili e delicate, sarà semplicissimo! Questa spezia originaria è un potente antiossidante naturale, stimola la circolazione sanguigna e contribuisce a combattere il colesterolo. Ha proprietà antibatteriche, antisettiche, stimolanti e digestive.

Uso: utilizzatela per profumare zuppe e creme di verdura, come aroma per dolci, budini e biscotti, in sostituzione al cacao sul cappuccino, per profumare tisane e infusi.

It has a simple and very functional design and it is very easy to use. From now on the grinding of the very delicate and brittle cinnamon sticks will be very easy. This spice is a natural powerful antihoxidant, improves blood circulation and lower cholesterol. It has antibacterial, antiseptic properties and helps digestion.
